**Re: Right-to-Know Law Request No. 2025-096**

Dear David Osborne:

The Pennsylvania Department of Education (PDE) is in receipt of your request pursuant to the Pennsylvania Right-To-Know Law ( RTKL), 65 P.S. § 67.101, *et seq.* Your request was received on May 12, 2025. By letter dated May 19, 2025, you were advised that PDE required up to an additional 30 days, i.e., until Thursday, June 18, 2025, in which to respond to your request. Your request is as follows:

- 1. Please provide records identifying any and all "persistently dangerous schools" pursuant to 22 Pa. Code §§ 403.2 or 403.6, since January 1, 2020.*
- 2. Please provide any documents or communications reflecting the number of "dangerous incidents" reported by each school pursuant to 22 Pa. Code §§ 403.2 or 403.6, from January 1, 2020, to the present*
- 3. Please provide any documents or communications reflecting the number of arrests reported on the Violence and Weapons Possession Report (PDE-360) form at each school, from January 1, 2020, to the present.*
- 4. Please provide any documents or communications between the Department and school districts concerning schools' obligations to report arrests necessary to determine which schools are persistently dangerous schools, from January 1, 2020, to the present.*

Your request is granted in part, and denied in part.

For part 1 of your request, we advise that PDE does not have any information responsive in its possession or under its custody or control. "It is not a denial of access when an agency does not possess records and [there is no] legal obligation to obtain them." *In the Matter of Jenkins v. Pennsylvania Dept. of State*, OOR Dkt. AP 2009-065, dated 4/2/2009.

In response to parts 2 and 3 of your request, we are providing the following link which can be found on the Department of Education's website:

<https://www.safeschools.pa.gov/HistoricV2/SchoolExcel.aspx>

In response to part 4 of your request, we are providing the attached PDF document. Please note that PDE has not provided the following information, which is exempt from disclosure under the RTKL:

- Records (or portions of records) that would reveal personal identification information, as permitted by Section 67.708(b)(6)(i)(A) of the RTKL, 65 P.S. § 67.708(b)(6)(i)(A).
- Records (or portions of records) that reflect “the internal, predecisional deliberations of an agency, its members, employees or officials or predecisional deliberations between agency members, employees or officials and members, employees or officials of another agency, including predecisional deliberations relating to a budget recommendation, legislative proposal, legislative amendment, contemplated or proposed policy or course of action or any research, memos or other documents used in the predecisional deliberations.” 65 P.S. § 67.708(b)(10)(i).
- Records (or portions of records) that are protected by Attorney-client or attorney work product, executive, or other privileges, 65 P.S. § 67.102.
- Records (or portions of records) that are exempt from disclosure pursuant to the Family Educational Rights and Privacy Act (“FERPA”), 20 U.S.C.A. § 1232g; 34 C.F.R. Part 99. FERPA prevents the disclosure of personally identifiable information in education records without prior written consent by a student’s parent or an eligible student. The records you request contain information that, alone or in combination of ten (10) or less, is linked or linkable to a specific student that would allow a reasonable person in the school community, who does not have personal knowledge of the relevant circumstances, to identify the student with reasonable certainty in violation of FERPA. As such, disclosure of this information is precluded pursuant to Section 102 of the RTKL (65 P.S. § 67.102) which excludes from the definition of “public record” information protected by federal law and Section 305(a)(3) of the RTKL (65 P.S. § 67.305(a)(3)), which negates the presumption that a record is public if it is exempt from disclosure under any other Federal or State law or regulation or judicial order or decree.

You have a right to appeal this response in writing to the Executive Director, Office of Open Records (OOR), 333 Market Street, 16<sup>th</sup> Floor, Harrisburg, Pennsylvania 17120. If you choose to file an appeal, you must do so within 15 business days of the mailing date of this response and send to the OOR:

- 1) a copy of this response;
- 2) a copy of your request; and
- 3) the reason(s) why you think the agency is incorrect in issuing this response.

Also, the OOR has an appeal form available on its website, which may be accessed using the following link: <http://www.openrecords.pa.gov/Appeals/AppealForm.cfm>.

Should you have questions regarding this letter, please contact me.

Sincerely,

*Angela Riegel*

Good morning Diana,

Everything looks good. The dangerous incident count dropped from 26 to 19 for SY 22/23. I pasted the original and updated numbers below

**Subject:** RE: [External] RE: PDS Incidents Review/Planning

I uploaded 22-23 this morning and waited for the PIMS refresh at noon to run the ACS for CASHS and I do see some numbers adjusted. I just submitted 23-24 and I will check that tomorrow morning. I have the old ACS stored to compare. When you have a chance to review the reports and make sure everything is correct, please let me know I will get the ACS's and signature pages ready.

I did mention I had documented the incidents that I grouped together, attached is that document. It includes the Incident Date, Sapphire Incident Number, Combined Event ID assigned now to the incidents, LLE number and what the old ID in the original file was. In 22-23, incident 112 had a lot of LLE numbers, I had A-K all grouped together, but when I checked the Incident Template, it seemed to pull all those incidents in twice because of column 09 - "Incident against property indicator", one line has Y, one had N because some students only received Criminal Trespassing. I separated out the Criminal Trespass incidents and grouped those together under one EventID, so those in column 09 now say Y. I hope that was the correct thing to do, I did not want those to be doubled.

If you have any questions please let me know.

Thanks

Correct on all counts, Jay.

Regarding the person template, the remaining records won't be an issue. Please upload any person template records required for the 'new' data you'll be uploading.

Hi Diana,

I'm copying in Tony Durante to "keep me honest" only my deletion response.

I'll delete just the incident template specifying the building 2191.

You only need to indicate a deletion for incident template for building 2191.

This will propagate to all other templates except the person template automatically and only remove the 2191 references. This should work perfectly.

You can just scratch out the year reference and write in the proper years on the deletion ticket.

Tony - let me know if this is the best guidance. Thanks!

Thank you, Jay

Jay, just two questions. I have the deletion form and looks like am able to request only building deletions for Incident Template, Incident Offender and Incident victim, the other templates say entire template by them. Is there way to just delete the building 2191 data from the other templates? Just want to make sure I select the correct templates. Here is what I see:

[cid:image001.png@01DB7ECD.CEB845A0]

The other question is, I have the override form but the only Safe Schools option is for 24-25. I did let Helpdesk know it was for 22-23 and 23-24. Should I email them and see if they have another override form for those years? Just wanted to check.

Thanks

Hi Jay,

I just re-loaded the 22-23 files, job #1668579. I looked at the templates, just to make sure the numbers at what was deleted. Most of them did except incident template went down some because of combining the incidents. I did just run the files for CASHS only in Sapphire but the person template seem to pull in a lot more. Just re-reading Tony's email and he said that would be OK. Did you want to check the report out for 22-23 first and make sure it looks OK before I upload 23-24? Please just let me know.

Thanks  
Diana

Tony,

Just to make sure I sent you the correct incidents to delete. I mistyped one.

To delete ..... 196885, 203342, 204261, 206053

In the email below I mis-typed 204561. This is an incorrect one. The ticket itself has the correct IDs.

The previous ACS for East High showed 153 Arrests. The new one shows 147. This is why I assume it is good now ... and getting ACS signed by everyone.

When I have the new ACS's ready and signed. Do I need to email FRCPP to open those years up? Or how should those be submitted? I have printed the 22-23 items but was waiting on word for 23-24.

I uploaded 22-23 this morning and waited for the PIMS refresh at noon to run the ACS for CASHS and I do see some numbers adjusted. I just submitted 23-24 and I will check that tomorrow morning. I have the old ACS stored to compare. When you have a chance to review the reports and make sure everything is correct, please let me know I will get the ACS's and signature pages ready.

I did mention I had documented the incidents that I grouped together, attached is that document. It includes the Incident Date, Sapphire Incident Number, Combined Event ID assigned now to the incidents, LLE number and what the old ID in the original file was. In 22-23, incident 112 had a lot of LLE numbers, I had A-K all grouped together, but when I checked the Incident Template, it seemed to pull all those incidents in twice because of column 09 - "Incident against property indicator", one line has Y, one had N because some students only received Criminal Trespassing. I separated out the Criminal Trespass incidents and grouped those together under one EventID, so those in column 09 now say Y. I hope that was the correct thing to do, I did not want those to be doubled.

If you have any questions please let me know.

Hi Diana,

I'm copying in Tony Durante to "keep me honest" only my deletion response.

I'll delete just the incident template specifying the building 2191.

You only need to indicate a deletion for incident template for building 2191.

This will propagate to all other templates except the person template automatically and only remove the 2191 references. This should work perfectly.

You can just scratch out the year reference and write in the proper years on the deletion ticket.

Tony - let me know if this is the best guidance. Thanks!

Thank you, Jay

Jay, just two questions. I have the deletion form and looks like am able to request only building deletions for Incident Template, Incident Offender and Incident victim, the other templates say entire template by them. Is there way to just delete the building 2191 data from the other templates? Just want to make sure I select the correct templates. Here is what I see:

[cid:image001.png@01DB7ECD.CEB845A0]

The other question is, I have the override form but the only Safe Schools option is for 24-25. I did let Helpdesk know it was for 22-23 and 23-24. Should I email them and see if they have another override form for those years? Just wanted to check.

Thanks

Diana Dittmar
